Special hunt could become annual event at Clinton

LAWRENCE, Kans. – The U.S. Army Corps of Engineers at Clinton Lake hosted a special hunt at Bloomington Park November 1-30 that may become an annual event for area hunters.

The hunt, an archery-only event, allowed hunters drawn from a pool of applicants to hunt on assigned land. Hunters were required to carry a “special hunt” permit issued by the Corps and follow all Kansas statutes.

“I would love to see this special hunt continued, particularly if Kansas continues to have trouble with the increasing deer populations,” said George Frederickson who participated in the hunt. “I would also like to see this hunt become a ‘buddy hunt.’”

A buddy hunt would allow the permit holder and a friend hunt off of the same specially issued permit. Officials at Clinton Lake are considering Frederickson’s recommendation for the 2005 season.

Several of the hunters were successful in harvesting deer.

For more information, contact the Corps at (785) 843-7665.
